

THE PROOF IS IN THE PERFORMANCE

It's the nailing line on your shingles. The difference between a good shingle and a great shingle is having Patented SureNail® Technology, only from Owens Corning.

Excellent Adhesive Power
Helps keep the shingle layers laminated.

Outstanding Grip
The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond™ sealant for exceptional wind resistance of a 130-MPH wind warranty.*

Breakthrough Design
Patented SureNail® Technology is the first and only reinforced nailing zone on the face of the shingle.

"No Guess" Wide Nailing Zone
This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see, strong, durable fastener zone.

Double the Common Bond
SureNail® features up to a 200% wider bond between the shingle layers in the nailing zone over standard shingles.

Triple Layer Protection®
A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, providing increased protection against "nail pull" from the wind.

TOTAL PROTECTION SIMPLIFIED™

It takes more than just shingles to protect a home. It takes an integrated system of components and layers designed to perform in three critical areas. The Owens Corning® Total Protection Roofing System® gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof.

* See actual warranty for complete details, limitations and requirements.
^{††} 40-Year Limited Warranty on commercial projects.
^{**} Tru-Bond is a proprietary premium weathering-grade asphalt sealant that is blended by Owens Corning Roofing® and Asphalt, LLC.
[†] Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.
⁺ The amount of Triple Layer Protection® may vary on shingle-to-shingle basis.
^{†††} Owens Corning testing when following the manufacturer's installation instructions and nailed through the middle of the allowable nail zone.
[§] Applies for all areas that recognize a Miami-Dade Notice of Acceptance (NOA).
[#] International Code Council Evaluation Services Acceptance Criteria for Alternative Asphalt Shingles.
[^] Excludes non-Owens Corning® roofing products such as flashing, fasteners, pipe boots and wood decking.
¹ StreakGuard® Algae Resistance Technology is not available in the Denver service area.
 For Patent information, please visit owenscorning.com/patents.
 SureNail® Technology is not a guarantee of performance in all weather conditions.
 Shingles are algae resistant to control the growth of algae and discoloration.
² Owens Corning's Black Sable shingle includes a patented design.

PROVEN PERFORMANCE EYE-CATCHING COLOR

Bright. Bold. Brilliant. The world around us is full of color. From the cars we drive to the appliances we buy, we choose the colors that reflect our personal style. Don't overlook the power of using color on your roof to help coordinate exterior accents like paint, trim and even landscaping. If you're looking to add more drama to your home or give it a knockout new look, you'll be amazed at the difference that TruDefinition® Duration® Designer Colors Collection Shingles can make – they offer brilliant impact and curb appeal like you've never imagined.

When the deep dependability of your new roof is cloaked in style, the end result will be undeniably spectacular.

Duration® Designer Shingles Offer:

- A Limited Lifetime Warranty*^{***} for as long as you own your home
- The protection of a 130-MPH wind warranty*
- The advanced performance of patented SureNail® Technology
- A TruDefinition® Color Platform
- StreakGuard™ Protection with a 10-year Algae Resistance Limited Warranty*¹

Don't let black streaks lower the value or curb appeal of your home.

Owens Corning blends specialized copper-lined granules, developed by 3M, a leading producer of roofing granules, into our colorful shingles. This helps resist blue-green algae growth.¹
